## HIGH PERFORMANCE FOG GENERATORS

Order no. Unit Price

### Special version swingfog® SN 50

swingfog® SN 50 types with automatic chemical solution cut-off device and with a special fog outlet to fog directly into smallest holes and into sewage systems

- SN 50/A, 6.5 l stainless steel spraying tank	108 1800	EUR 1.620,00
- SN 50 PE/A, 7.0 l polyethylene spraying tank	108 0680	EUR 1.570,00
- SN 50-10/A, 9.0 l stainless steel spraying tank	200 8580	EUR 1.675,00
- SN 50-10 PE/A, 10.0 l polyethylene spraying tank	200 8600	EUR 1.615,00

### b) Type swingfog® SN 81

Fuel tank, stainless steel, 4.5 l, including stainless steel filter insert in the spraying tank

#### ba) - Type swingfog® SN 81, standard version

Spraying tank, stainless steel, 9 l, with level indicator.

101 6540 EUR 2.210,00

#### - swingfog® SN 81 with automatic cut-off device

101 9640 EUR 2.345,00

#### bb) - Type swingfog® SN 81 PE, standard version

Spraying tank, polyethylene, UV-light resistant, 10 l, with level indicator.

105 4190 EUR 2.150,00

#### - swingfog® SN 81 PE with automatic cut-off device

105 4410 EUR 2.285,00

### c) Type swingfog® SN 81-20

with automatic cut-off device.

Spraying tank, polyethylene, UV-light resistant, 20 l, removable, with level indicator.

Fuel tank, stainless steel, 4.5 l.

210 4700 EUR 2.390,00

### d) Type swingfog® SN 101 M

with automatic cut-off device.

Spraying tank, stainless steel, 69 l, with level indicator, filter insert (stainless steel) and drainage aperture.

Fuel tank, stainless steel, 5.6 l.

Truck mountable.

Manual pump start, with electrically controlled fogging functions (fog ON/OFF).

Socket to connect a remote control (functions fog ON/OFF)

105 2400 EUR 3.960,00

## HIGH PERFORMANCE FOG GENERATORS

Order no. Unit Price

- e) **Type swingfog® SN 101 E** 100 1910 EUR 4.510,00  
with automatic cut-off device.  
Spraying tank, stainless steel, 69 l, with level indicator,  
filter insert (stainless steel) and drainage aperture.  
Fuel tank, stainless steel, 5.6 l.  
Truck mountable.  
Electrically controlled functions (start, stop, fog ON/OFF).  
Socket to connect a remote control for all functions.  
Electric energy for the start and the control functions of the unit is  
supplied by the vehicle battery (12 V) or by a separate 12 V battery.  
The cable for the battery connection is included.
- f) **Type swingfog® SN 101 Pump** 200 0480 EUR 4.870,00  
with automatic cut-off device.  
Fuel tank, stainless steel, 21.3 l.  
Truck mountable.  
Without integrated spraying tank, but equipped with an electrically  
driven stainless steel pump to draw the spraying mixture out of a  
separate tank. The pump is connected to a quick release coupling  
at the tank.  
Electrically controlled functions (start, stop, fog ON/OFF).  
Socket to connect a remote control for all functions.  
Electric energy for start, the electric control functions and the pump is  
supplied by the vehicle battery (12 V) or by a separate 12 V battery.  
The cable for the battery connection is included.

### OPTIONAL ACCESSORIES for swingfog®

#### for swingfog® SN 50, SN 50 PE, SN 50-10, SN 50-10 PE

- High performance fogging tube, for water-based fogging mixtures only	196 4260	EUR 125,00
- Silencer	196 5210	EUR 35,90
- Nozzle 0.7, stainless steel	194 8020	EUR 7,80
- Nozzle 0.9, stainless steel	194 8040	EUR 7,80
- Nozzle 1.1, stainless steel	194 8050	EUR 7,80
- Nozzle 1.4, stainless steel	194 8070	EUR 7,80
- Nozzle 1.7, stainless steel	194 8080	EUR 7,80

#### for all swingfog® SN 81 types

- High performance fogging tube, for water-based fogging mixtures only	101 0260	EUR 210,00
- Silencer / Air filter cpl.	101 9450	EUR 150,00
- Nozzle 1.0, stainless steel	194 7790	EUR 7,80
- Nozzle 1.1, stainless steel	194 8050	EUR 7,80
- Nozzle 1.9, stainless steel	102 3040	EUR 7,80

## ULV AEROSOL GENERATORS

Order no. Unit Price

### TANKS for fontan® Mobilstar (E and ER types only)

Spraying tank, stainless steel, 69 l,  
with drainage aperture, level indicator, mountings, filter  
insert (stainless steel), vent and quick-release coupling  
to connect the chemical line and the drainage aperture

107 2110 EUR 759,00

Spraying tank, polyethylene, UV-light resistant, 80 l,  
with drainage aperture, level indicator, mounting straps,  
big filling opening with vent, and quick-release coupling  
to connect the chemical line and the drainage aperture

107 5220 EUR 311,00

Spraying tank, polyethylene, UV-light resistant, 150 l,  
with drainage aperture, level indicator, mounting straps,  
big filling opening with vent, and quick-release coupling  
to connect the chemical line and the drainage aperture

200 4440 EUR 379,00

Spraying tank, polyethylene, UV-light resistant, 300 l,  
installed in a steel frame for vehicle mounting,  
with drainage aperture, level indicator, big filling opening  
with vent, and quick-release coupling to connect the  
chemical line and the drainage aperture

200 4460 EUR 953,00

Spraying tank, polyethylene, UV-light resistant, 500 l,  
installed in a steel frame for vehicle mounting,  
with drainage aperture, level indicator, big filling opening  
with vent, and quick-release coupling to connect the  
chemical line and the drainage aperture

200 4480 EUR 1.390,00

### f) Type fontan® Compactstar

Electrically driven compact ULV machine with blower.  
Semi-automatic spraying programme.  
The output quantity can be preselected. All metal components  
conveying the chemical preparation are made of stainless steel.

fa) • 220-240 V / 50 Hz

106 5390 EUR 2.400,00

fb) • 110-130 V / 60 Hz

---

**ULV AEROSOL GENERATORS****Order no. Unit Price****g) Type fontan® Turbostar**

Electrically driven, trolley-mounted ULV machine with blower. Fully automatic spraying programme. The output quantity can be preselected. Spraying tank, polyethylene, UV-light resistant, 34 l, with level indicator.

**ga) • 220-240 V / 50 Hz** 102 7230 EUR 4.660,00

**gb) • 110-130 V / 60 Hz** 105 2320 EUR 4.680,00

**h) Type fontan® Twinstar**

Electrically driven, trolley-mounted ULV machine with 2 blowers. Fully automatic spraying programme. The output quantity can be preselected. Spraying tank, polyethylene, UV-light resistant, 34 l, with level indicator.

**ha) • 380-415 V / 50 Hz** 105 1020 EUR 6.560,00

**hb) • 208-360 V / 60 Hz** 105 2310 EUR 6.770,00

**hc) • 380-415 V / 60 Hz** 200 6460 EUR 6.770,00

**OPTIONAL ACCESSORIES for fontan® Turbostar, Twinstar**

- Nozzle 100, stainless steel 450 1590 EUR 8,40  
- Nozzle 120, stainless steel 450 1600 EUR 8,40

**i) Type fontan® Starlet, standard version**

Electrically turbine-driven compact machine. Operation in ULV mode.

**ia) • 220-240 V / 50/60 Hz** 107 9900 EUR 1.390,00

**ib) • 110-130 V / 50/60 Hz** 108 0250 EUR 1.440,00

**TANKS for fontan® Starlet, standard version:  
Please refer to fontan® Starlet-K**

---

---

**ULV AEROSOL GENERATORS****Order no. Unit Price****j) Type fontan® Starlet K**

Electrically turbine-driven compact ULV machine  
with long spraying pistol  
Operation in ULV mode.

- 220-240 V / 50/60 Hz 212 1000 EUR 1.490,00

**TANKS for fontan® Starlet, Standard version and K-version**

- Spraying tank, polyethylene, UV-light resistant, with level indicator,  
tank support and connections made of stainless steel

- 6 l 211 5350 EUR 182,00
- 11 l 211 5390 EUR 190,00
- 34 l 211 5450 EUR 260,00

**k) Type fontan® Starlet, stainless steel version**

Electrically turbine-driven compact machine, carbon brush free.  
Operation in either ULV or LV mode.  
All metal components conveying the chemical preparation as well  
as the housing and the tank support are made of stainless steel.

- 220-240 V / 50/60 Hz 210 1160 EUR 2.220,00

**TANKS for fontan® Starlet, stainless steel version**

All metal parts coming into contact with the chemical preparation and the tank support are  
made from stainless steel.

- Spraying tank, polyethylene, UV-light resistant, with level indicator,  
tank support and connections made of stainless steel

- 6 l 210 0230 EUR 229,00
- 11 l 210 0240 EUR 244,00
- 34 l 210 0270 EUR 432,00

**NOZZLES AND OPTIONAL ACCESSORIES for fontan® Starlet-K  
fontan® Starlet standard version and fontan® Starlet stainless steel version**

- Nozzle 30, stainless steel 452 0690 EUR 8,40
  - Nozzle 45, stainless steel 452 0670 EUR 8,40
  - Nozzle 58, stainless steel 452 0700 EUR 8,40
  - Nozzle 84, stainless steel 404 8590 EUR 8,40
  - Nozzle 100, stainless steel 450 1590 EUR 8,40
  - Nozzle 120, stainless steel 450 1600 EUR 8,40
  - Air and spraying mixture extension hose, 2 m, with connections 211 4120 EUR 81,60
  - Remote control, radio-controlled 210 2330 EUR 85,80
